

SUBJECT INDEX

- Actinomycosis due to nocardia asteroides. Report of a case, 17
- Adenocarcinoma of ampulla of vater, see also Liver abscess, 534
- Alcohol, answers to comments by members of the committee on tests for intoxication, 618
- Alcohol, comments by members of committee on tests for intoxication of National Safety Council on "Blood alcohol and intoxication: Its value in borderline cases," 613
- Allergy, mechanism of desensitization, 77
- Allergic states, see also Screening test, 478
- Alloxan, see also Diabetes, 230
- Ammonia poisoning and hemolytic anemia with bone marrow heterotopia, 481
- Aneurysm, see also Splenic artery aneurysm, 609
- Author index, 627
- Bank blood transfusion, see also Malaria, 494
- Benzene, see also "Sulfate index," 293
- Berger method, see also Penicillin, 339
- Bicuspid aortic valve, see also Coarctation, 297
- Blood alcohol, see also Answers to comments by members of the committee on tests for intoxication, 618
- Blood alcohol, see also Comments by members of committee on tests for intoxication of National Safety Council on "Blood alcohol and intoxication: Its value in borderline cases," 613
- Blood platelets, see also Megakaryocytes, 154
- Bone marrow, Punctate basophilia in, 557
- Bone marrow, see also Pernicious anemia, 402
- Book reviews:
- Ackerman, Lloyd, Health and Hygiene, 261

 Carrier state, Unusual, 152
 Cat-bite and scratch wounds with consequent pasteurella infection in man, 312
 Cerebral trauma, see also Histogenesis, 228
 Cirrhosis, see also Portal cirrhosis, 215
 Coarctation of the aorta with congenital bicuspid aortic valve and dissecting aneurysm of the arch of the aorta, 297
 Colchicine, Effect on human tissues, 189
 Cold hemagglutinins, A note on the stability of, 210
 Cold isohemagglutinins. Their association with hemolytic anemia and multiple thromboses in primary atypical pneumonia. A brief review of the clinical and laboratory problems involved, 202
 Colloidal mastic tests, see also Spinal fluid protein, 263
 Committee on post war education, see also Post war education, 539
 Death, Sudden, from complete rupture of descending thoracic aorta with true fusiform aneurysm, caused by medionecrosis cystica, 250
 Diabetes in the rat caused by introduction of alloxan into the alimentary canal, 230
 Dientamoeba fragilis: Its incidence and possible pathogenicity, 178
 Drowning in gasoline, 342

- Erythema multiforme bullosum following the use of sulfadiazine, 28
- Erythroblastosis fetalis, see Method of demonstrating anti-Rh agglutinins, 575
- Erythroblastosis fetalis unrelated to the Rh factor, 467
- Fatty tissues: Normal anatomy and changes in obesity (a review), 240
- Feces, Improved method of examination, see also Intestinal schistosomiasis, 496
- Fibrocystic disease of the pancreas: Study of fourteen cases, 64
- Fleming's modification of the Wright slide cell technic for determining penicillin in body fluids, 7
- Food poisoning. The importance of the method of presentation of medicolegal evidence, 289
- Friedländer's bacillus, see also Liver abscess, 534
- Gastric lavage, Inhibitive effect on tubercle bacilli. A preliminary report, 234
- Gelatin solution as plasma substitute, 223
- Giant cell tumor, Relationship to the frontal bone, 529
- Glomus tumor of triceps muscle. Case report, 199
- Granuloma venereum, Disseminated, 419
- Graves' disease treated with thiouracil with autopsy report, 184
- Hemolytic anemia during sulfa medication, 381
- Hemolytic anemia, see also Ammonia poisoning, 481
- Hemolytic disease of the newborn in relation to the Rh factor, 577
- Histogenesis of compound granular corpuscles in response to cerebral trauma. An experimental study, 228
- Histoplasmosis, Canine, 501
- Hodgkin's disease, see also Intermittent fever, 431
- Improved method of examination of feces for the diagnosis of intestinal schistosomiasis, 496
- Indiana Association of Pathologists, 347
- Influenza virus, see also Streptococci, 362
- Intermittent fever with lesions simulating those of Hodgkin's disease, 431
- Lung, alveolar cell carcinoma of, 50
- Liver, Portal cirrhosis, see also Portal cirrhosis, 215
- Liver teratoma, see also Teratoma, 159
- Leprosy, Lepromatous: A reticuloendothelial disease. Histopathologic aspects, 165
- Leukemia complicated by cancer. Report of a case, 246
- Liver abscess due to Friedländer's bacillus (*K. pneumoniae*) complicating adenocarcinoma of ampulla of Vater, 534
- Lymphocytosis, Acute infectious, 508
- Malaria in India-Burma theater, 347
- Malarial pigment—A consideration of the mechanism of elimination from the ducks, 489
- Malaria transmitted by bank blood transfusion, 494
- Measles—Pneumonia (with a note on the giant-cells of measles), 334
- Medicolegal evidence, see also Food poisoning, 289
- Megakaryocytes and blood platelets, 154
- Melioidosis, 567
- Meningitis, Study of 377 fatal cases with special reference to bacteriological diagnosis, 571
- Mionecrosis cystica, see also Death, sudden, 250
- Myasthenia gravis, see also Thymus, 87
- Mycetoma pedis in the United States and Canada. With a report of three cases originating in Louisiana, 35
- Myeloid leukemia, probably eosinophilic in character, 389
- Neurocytoma, retroperitoneal, Tuberculoid reaction in, 473
- News and notices, 30, 163, 256, 302, 347, 413, 488, 622
- New members elected at the Chicago meeting, 256
- Obituaries:
- Gill, J. C., 350
 - McNamara, F. P., 350
 - Meyers, Ralph Emerson, 302
 - Pracher, John, 487
 - Sailer, Seaton, 257
 - Vaughan, Warren Taylor, 82
 - Warren, Mortimer, 257
- Ohio Society of Pathologists, 347
- Pancreas, see also Fibrocystic disease, 64
- Pasteurella, see also Cat-bite, 312
- Penicillin, Laboratory purification by the Berger method, 339
- Penicillin, Micro-methods of estimating in blood serum and other body fluids, 1
- Penicillin resistance of *Staphylococcus aureus* and its clinical implications, 446
- Penicillin, see also Fleming's modification, 7
- Pernicious anemia and miliary tuberculosis of the bone marrow organ, 402
- Philadelphia meeting canceled, 163
- Plasma substitute, 223
- Plasma, Transfusion fatality, see also Transfusion, 128
- Plasma vitamin A level in renal diseases, 272
- Plumbism: Punctate basophilia in bone marrow, 557
- Poliomyelitis, Further studies on specific streptococcal antibody-antigen reactions, 135
- Portal cirrhosis of the liver. A review of two hundred fifty necropsies with references to sex differences, 215
- Post war education in pathology. First report by the committee on post war education, American Society of Clinical Pathologists, 539
- President's message, 555
- Prostate, Sarcoma of, 456

- Protein, dietary, Changes in tissues of children deprived of, 353
- Prothrombin, Quantitative estimation of, 560
- Research on national scale, General Bayne-Jones emphasizes importance, 302
- Rh antibodies, 95
- Rh antiserum, Production in guinea pigs through inoculation with human red blood cells, 278
- Rh blood types and some of their applications, 106
- Rh factor, Sensitization by blood transfusion, 280
- Rh factor, see also Erythroblastosis fetalis, 467
- Rh factor, see also Hemolytic disease of the newborn, 577
- Rh, Heredity of, 405
- Rh heterozygous Mendelian transmission in a large family, 471
- Rh-negative patient, Pathology of anuria in, 286
- Rh, see also Method of demonstrating Rh agglutinins in case of erythroblastosis fetalis, 575
- Salicylates in serum, see also Thiocyanates, 196
- Salmonella problem. Practical laboratory applications of recent advances, 584
- Schistosomiasis (bilharziasis) and Egyptian splenomegaly, 10
- Schistosomiasis, Intestinal, see also Improved method of examination of feces, 496
- Screening test for identification of allergic states, 478
- Scrub typhus, A preliminary study of blood chemistry findings, 71
- Senecio Ridellii*, Tissue changes induced by, 407
- Serum total base, Measurement of, 219
- Spinal fluid protein and colloidal mastic tests I., 263
- Splenic artery aneurysm with rupture. Case report, 609
- Staphylococcus aureus, see also Penicillin resistance, 446
- Streptococci, Alpha, and streptococcal antigen in unpotable water and water supplies, 513
- Streptococci, pneumotropic, Studies on the relation to influenza virus, 362
- Streptococci, Studies on the etiologic relation to acute epidemic respiratory infections, 319
- Subject index, 623
- Sulfadiazine, see also Erythema multiforme, 28
